

WALK TO THE CHILDREN'S PLAYGROUND IN RIEZL

easy

Hiking

TOUR DESCRIPTION

This short walk through the center of Riezlern passes by the children's playground in the Kurpark. The suggested route leads behind school center of Kleinwalsertal. From there, follow the paved path to the left into the Kurpark. In the Kurpark, there is a small children's playground. Once the children have had their fun, continue past the Kurpark pond and follow the path in a loop through the park, passing the Riezlern outdoor pool.

ROUTE DESCRIPTION

The path starts in Riezlern (bus stop community), follow the road past the parish church Maria Opferung, turn left in front of the Hotel Post/Pension. Follow the road until you come out at the Mittel- und Realschule Kleinwalsertal. When you get to the school, continue down the street to the left. Along the Kurparkteich you can follow the path to the entrance of the Riezlern outdoor pool. From here it goes along the road to the starting point.

RECOMMENDED EQUIPMENT

EMERGENCY CALL:

- 140 alpine emergencies throughout Austria
- 144 Alpine emergencies Vorarlberg
- 112 Euro emergency call (works with any mobile phone/network)

www.vorarlberg.travel/Sicherheitstipps

Sturdy shoes. Waterproof clothing and hat if necessary.

How do you consciously experience nature?

Nature is so much more than the backdrop for unforgettable mountain experiences. It is a habitat for animals and plants. It provides valuable raw materials such as wood, it also protects against avalanches and mudslides and regulates the climate. It is up to us to see what we can achieve more:

Smart in **NATURE**

CONSCIOUS together

EXPERIENCE foresight

Smart in NATURE

Take a deep breath and recharge your batteries, be outside and feel free. When we enjoy nature, we are guests in the living room of the mountain. We share their living space with you in the future too.

Stay on paths and marked routes

If you follow the marked paths and routes, you are sure to come to new favorite places. In this way you also respect protected areas, any disturbance unnecessarily costs the wild animals the strength they need to survive.

Avoiding twilight times

Standing on a mountain at sunrise is a special experience. The morning and evening hours are also the time when most wild animals are active. To avoid them, please stay on the marked path, do not use a bright headlamp and enjoy the silence.

Stay clean & take rubbish with you

It goes without saying: You take rubbish with you again, on the mountain and in the valley. Please also organic waste, because it is common at home or in your accommodation - please remember that there are no rubbish bins in public spaces in Kleinwalsertal.

On the natural toilet

If you are looking for a quiet place, please be at least 50 m away from water. Bury excrement or cover it with a large stone. Use fallen

On tour with a dog

Are you always in control of your four-legged partner, even if he gets his nose for marmots, deer or other wild animals? You are both on guard. An attack by a grazing animal is foreseeable: leash off immediately. There are numerous dog stations in the valley for the disposal of dog waste. Dog waste in the fields contaminates the feed and makes grazing cattle sick.

CONSCIOUS to each other

Consideration for other athletes and those looking for relaxation

Everyone loves to enjoy a special piece of earth for themselves. But most of the time we are not traveling alone. No problem, because we can help each other. Offer support when someone needs help and always give a smile. So nothing stands in the way of friendly cooperation and

Appreciating the preservation of the cultural landscape

Alpine landscapes are touching with their contrast: Imposing peaks and natural forests alternate with gentle valleys, well-tended meadows. The diversity of altitudes is no coincidence, but the result of an interplay of natural and cultural landscapes. Behind this is the work of farmers, alpine herders. The attractiveness of the recreation and leisure area and the diversity of species are preserved. We already say thank you if we stay on the marked paths.

EXPERIENCE farsighted

Safe on tour - for you and others

Whether on a ski or snowshoe tour in winter or on a mountain tour in summer, anyone who is out and about in alpine terrain has to be prepared. Bring the right equipment. Correctly assessing alpine dangers requires a lot of knowledge and experience. Why not learn from professionals? Use the Nature experience map, scale 1:12,000; Kleinwalsertal tour map (with hiking guide), scale 1:25,000; DAV hiking map, scale 1:25,000; the red
