#### How do you consciously experience nature?

Nature is so much more than the backdrop for unforgettable mountain experiences. It is a habitat for animals and plants. It provides valuable raw materials such as wood, it also protects against avalanches and mudslides and regulates the climate. It is up to us to sustainably use what we can achieve more:

**Smart in NATURE**

**CONSCIOUS together**  
**EXPERIENCE foresight**

**Smart in NATURE**

Take a deep breath and recharge your batteries, be outside and feel free. When we enjoy nature, we are guests in the living room of their living space with you in the future too.

Stay on paths and marked routes

If you follow the marked paths and routes, you are sure to come to new favorite places. In this way you also respect protected areas, any disturbance unnecessarily costs the wild animals the strength they need to survive.

**Avoiding twilight times**

Standing on a mountain at sunrise is a special experience. The morning and evening hours are also the time when most wild animals avoided, please stay on the marked path, do not use a bright headlamp and enjoy the silence.

**Stay clean & take rubbish with you**

It goes without saying: You take rubbish with you again, on the mountain and in the valley. Please also organic waste, because it is co at home or in your accommodation - please remember that there are no rubbish bins in public spaces in Kleinwalsertal.

**On the natural toilet**

If you are looking for a quiet place, please be at least 50 m away from water. Bury excrement or cover it with a large stone. Use fallen

**On tour with a dog**

Are you always in control of your four-legged partner, even if he gets his nose for marmots, deer or other wild animals? You are both o attack by a grazing animal is foreseeable: leash off immediately. There are numerous dog stations in the valley for the disposal of dog and fields contaminates the feed and makes grazing cattle sick.

**CONSCIOUS to each other**

**Consideration for other athletes and those looking for relaxation**

Everyone loves to enjoy a special piece of earth for themselves. But most of the time we are not traveling alone. No problem, because manner, provide support when someone needs help and always give a smile. So nothing stands in the way of friendly cooperation and

**Appreciating the preservation of the cultural landscape**

Alpine landscapes are touching with their contrast: Imposing peaks and natural forests alternate with gentle valleys, well-tended meadows at altitudes is no coincidence, but the result of an interplay of natural and cultural landscapes. Behind this is the work of farmers, alpine attractiveness of the recreation and leisure area and the diversity of species are preserved. We already say thank you if we stay on the
